1. ACTIVATION

This Service Plan is activated, and the below terms and conditions apply, on the date of shipment of the Equipment by the Manufacturer ("OEM"). User registration is not required to activate this Service Plan.

2. SERVICE PLAN

This Service Plan applies to DEPOT repair services that are available to you from Visix OEM manufacturers for the Equipment you purchased. Visix, Inc. ("Visix") shall facilitate correspondence and provide to the User the services described in this Service Plan.

3. COVERAGE

(1) To obtain performance under this Service Plan, an End User should call Visix at their toll-free number 800-572-4935 and report the nature of the problem with the Equipment. Only representatives of Visix or authorized Visix service providers may perform repairs on the Equipment under this Service Plan.

(2) During the Service Plan Period, Visix will repair or replace, at the option of Visix, any Equipment having a defect in material or workmanship. All replacement parts shall be provided by the OEM at no cost to End User. Visix will return the Equipment to a like factory shipped condition. Visix will not reload User's software. Circumstances may, however, require the reloading of the operating system as originally installed by the Manufacturer. Replacement parts are new or like-new (tested equivalent to new). Visix may provide replacement parts made by various manufacturers when supplying parts to User. All replacement parts shall also be covered under this Service Plan for the remainder of the Service Plan Period or thirty (30) days (whichever is longer) and OEM warrants that replacement parts will be interchangeable with the parts they are to replace, and will conform to the specifications current when they are shipped.

(3) Advance replacement, if applicable (see chart above). In the event that hardware must be returned to Visix or designated contractor, Visix will ship a similar replacement product ("Advance Replacement") to reduce downtime associated with the repair. Replacements ship via UPS Ground within two (2) business days of the request at the hardware provider's expense. The replacement hardware package will contain a UPS label and a return form to be used for shipping the damaged equipment back. The Advance Replacement program is valid only for one (1) year.

Hardware Warranty (Depot Repair)

(4) Some problems or defects may require Visix to reformat or replace a Hard Disk Drive. Under such circumstances all data on the disk drive may be lost. The User is solely responsible for the security of User's data. Neither Visix nor the authorized Visix service providers shall be liable for the loss or destruction of data or media resulting from a defect in materials or workmanship covered by this Service Plan or resulting from the services performed hereunder. Visix strongly advises End User to implement and maintain a daily routine to backup data to minimize the loss of data in the event of Equipment failure. Visix service providers are not required to return all replaced and/or unused components including Hard Disk Drives. Users that intend to keep a failed Hard Disk Drive to attempt data recovery or protect the data must make arrangements to purchase a replacement Hard Disk Drive prior to the service incident. Neither Visix nor the OEM will accept the failed Hard Disk Drive after the service incident has been closed.

(5) Visix representatives will initially attempt to diagnose problems over the telephone. Telephone technical services are available on the Visix toll-free service line, 800-572-4935, during technical support hours of 8:30AM to 7:00PM Eastern Time, Monday through Thursday, and 8:30AM to 5:00PM Eastern Time on Friday, with the exception of certain published holidays.
